

RubbaFIX®

The Revolution in Rubber Repair!

The latest generation of RubbaFIX® rubber repair product now comes in improved puck form. Proven in the field to outperform traditional 2 part products, RubbaFIX® is designed to reliably and easily repair damaged rubber componentry without compromise.

- **30% stronger than previous RubbaFIX® granules on rubber, with enhanced adhesion to PVC, ceramic, fabric and metallic surfaces**
- **Easy to load large Puck form providing an increased melt rate using MELTA® Applicators**

BENEFITS

- Easy to use with no mixing or primers
- Remelting formula that provides no wasted product, with no purging or cleaning of applicators required
- Advanced adhesion properties that ensure a high strength bond
- 100% non-toxic
- Fast 30 minute cure time, reducing service intervals
- Extended shelf life
